re: Request for extension of time to address Initial Review comments for Rocanville Corporation, Black Rock Mine, M/027/088, Millard County, Utah

Dear Mr. Haddock:

I will not be able to complete changes to the Notice of Intention to Commence Large Mining Operations (NOI) for the Black Rock Mine, M/027/088, Millard County, Utah by the date of April 15, 2005, as requested by DOGM. Required changes to the NOI are addressed in DOGM's Initial Review dated 3/15/2005, accompanied by your cover letter dated March 15, 2005. The consultant has not been able to devote the time needed to complete the required changes to the NOI. I request an extension of the due date to respond to the Initial Review to May 9, 2005. Will this date be acceptable to you?

In the meanwhile, I am working on completing the Reclamation Contract for Tejon Quarries, M/027/087, Millard County, Utah. I am working on arranging the funding to cover the Surety for Tejon Quarries. The consultant is preparing two sets of the complete and corrected NOI. We are directing our efforts toward completing the paperwork for Tejon Quarries by the end of the 30-day public comment period noted in your letter of March 28, 2005.

Sincerely,

Mert Hamilton
